We are indeed fortunate to be able to host the Pacific Coast Satellite Measurement for the TLBAA Horn Showcase, to be held October 16-18, 2008 in Fort Worth, TX. The measurements from our Satellite will become a part of that event and will be announced at that time, with appropriate awards mailed out if the recipient is not present. We will be utilizing a Gross type Longhorn Chute. We will measure Friday at 3:00 pm. Follow-up measurements will be Saturday after the show, if needed.

Due to added facility costs from the Fairgrounds we will have to charge each Horn Showcase participant a facility fee of \$5.00 per head, plus the cost of shavings, which will be \$5-6.00 per bale for cattle left overnight; 1 bale is adequate for 1 pen per night. Animals also entered in the show will not have to pay the \$5.00 facility fee a second time. We encourage participants to also enter the show!!

Participants in this Pacific Coast Satellite Horn Showcase Measurement will receive a certificate provided by CATL Breeders acknowledging the results of their participation.
